PORCH SHADES

Vudor Porch Comfort

Are you able to enjoy your porch during the bright sunny days in mid-summer? Have you not often thought how much more pleasure you would have if you could use your porch from early Spring until late in the Fall? We dare say that you have had visions of fitting up your porch with porch rugs, willow furniture, porch tables, hammocks, etc., and perhaps would have done so long ago if it had not seemed to you that you were buying these fittings to be put out in the open almost as much as though they were to be placed on the lawn.

The latest style Vudor Porch Shades are self-hanging. In the new patented Vudor Ventilating Shade the ventilator—a section about eight inches "up and down" at the extreme top of the shade—is woven of very narrow, thick slats very far apart—Vudor Shades are the only shades made with a ventilator.

Vudor Shades do not flap in the wind. Vudor Safety wind devices prevent that.

Vudor Shades come in brown, brown and white, and green.

Prices from \$2.75 to \$10.00, according to size desired.

Bargain Basement

You should visit our Bargain Basement once each week. You should always see what we have to offer here on Saturdays.

Goods sold in our Basement are always at a less price than in other departments of our store. See the following when in our store on Saturday:

One lot of Double Width Suitings and Skirtings. These are yard wide. These cloths come in Stripes and Figures. The cloth is similar to an Indian Head. Will outwear two Percales; for skirts, shirts and children's dresses they are at this price, 25c, a real bargain.

Bailey, chairman for Barre Town in the Better Babies campaign, under direction of the government, announces the following places and dates when all children up to five years of age are to be brought for weighing and measuring. This is an undertaking whereby it is hoped to build up a generation of better babies and is a campaign which the government is urging.

To the home of Mrs. D. F. Davis, Trow

hill, all parents in that vicinity are asked to bring their children of the above mentioned ages, on Tuesday afternoon, June 4.

In East Barre, where Mrs. Cooney and Mrs. Garrett have charge of the work, the children will be weighed and measured at the postoffice building, Monday afternoon, immediately after dinner.

Mrs. John Ryan is head of the work in upper Granville and children are to be taken to her home Monday afternoon from 1 to 5 o'clock.

In lower Granville, the place to take the little ones is to the home of Dr. E. H. Bailey, on Monday afternoon, from 1 to 5.

On Tuesday afternoon, also, the weighing and measuring will take place at the home of Mrs. Joseph Revor, Westerville.
